## Hard

In 2003, Louis Stern Fine Arts showed a retrospective exhibition for Lorser Feitelson entitled Lorser Feitelson and the invention of Hard-edge painting, 1945-1965. It features two great main characters, one the undercover nun and the other the operative sent in to rescue her. There are many places where we are deeply involved that aren't even covered by the news media.

## Institute of Physique Management

This profile serves as a critical tool for uncovering biochemical imbalances that can underlie anxiety, chronic fatigue, obesity, diabetes and a host of other clinical conditions. Russian, Arabic or Mandarin are the most difficult if you want to be really challenged.
