Democracy, Intermediation, and Voting on Four Continents by Richard Gunther (2007, Hardcover) for sale online

Its main strength is the wealth of empirical information about different political intermediaries and their impact on voting and on political cultural variables.

Comparative National Elections Project

His fields of research are the comparative social and political history of Europe and the Americas, problems of modernization, comparative politics, state functions in welfare capitalism, political parties, pressure groups and social movements, nationalism and regionalism, regime transformation and problems of democratic consolidation.Jose Ramon Montero Ph.
