### What are AODA Standards?

Each center has ADA specialists who provide information and guidance to anyone requesting ADA information. To make use of these on-board features, passengers also require information about the equipment in a format that they can understand. Carriers and terminal operators should ensure that at least 25 percent of automated self-service kiosks located in each service area of an airport, rail or ferry terminal meet the standards in section 1.

## **Barrier Removal**

This may be a large commitment of resources for an event if the use of shuttles is not already being planned for the benefit of other event participants. Requirements for these residential facilities address new construction, dwelling units for sale, additions, alterations, and dispersion.
