## John and Sebastian Cabot

Historians over the centuries have claimed them to be English, Italian, Genovese and Venetian.

## John and Sebastian Cabot

As Cabot did not bring back gold from America, King Henry paid no more attention to him; and in 1512 he went to Spain, by invitation of King Ferdinand, and enjoyed honors and emoluments until that monarch's death in 1516, when, annoyed by the jealousies of the Spanish nobility, he returned to England. José Toribio Medina, El Veneciano Sebastián Caboto al servicio de España 1908 , prints abundant documents concerning Cabot's Spanish career. Little is known of Cabot's career from 1533 to 1547.

## John and Sebastian Cabot : the discovery of North America : Beazley, C. Raymond (Charles Raymond), Sir, 1868

We like to keep things fresh. His rations were running low, so he set sail for England, arriving there in the autumn of 1498. And this was at a time when the English looked enviously at the vast empires being carved out by Spain and Portugal.
