A clean, bright, unmarked set, with uncut leaves. Although admirably written and perhaps suited to an enlightened but unin- formed audience, this abecedaire does not go far beyond Pierre-Quint's study twenty-five years before. Sprache: Deutsch Gewicht in Gramm: 830.

About this Item: NRF, Gallimard, 1952. La génesis de Jean Santeuil es la «memoria» de los años de infancia, adolescencia y formación del protagonista, que empieza recordándose niño en los Champs-Élysées enamorado de una compañera de juegos, Marie Kossichef, para alternar luego ese recuerdo con descripciones contemporáneas: Santeuil está pasando una temporada en el castillo de Madeleine Lemaire. In his *Aspects de la biographie*, Maurois had asserted that it would be more valuable to the biographer to record Napoleon's attitude during the battle of Waterloo than to describe the battle itself. Spines of glassine wrappers lightly tanned.
