EconPapers: The Journal of Economic History

Notwithstanding the Administration's long-standing distaste for progressive measures, the blimps did find that the Labour Department had its uses. But the British to the end were fixing and cheating, and of course educated Africans were fully aware of this. It had a simple aim - to demonstrate that fiscal consolidation,

deficit reduction, continued throughout the parliament, alongside recovery.

Business Biographies

Birth of Spanish Circle of Friends of Europe CEDADE.

NATIONAL HEALTH SERVICE BILL (Hansard, 30 April 1946)

First and foremost was funding provided on an unprecedented scale and at a time when institutional and government resources were not only constrained but often reduced in the aftermath of the First World War. Gömböc manipulates Hungarian parliamentary elections; formation of Party of National Will by Ferenc Szálasi; attempted coup by Scythe Cross movement. These cuts are not the Government's first word or their last word on the subject of economy.

He retained his independence and continued his research with his old enthusiasm and originality. His findings help correct both the overestimation and underappreciation of American support. I cannot see why the mere fact that the service was inadequate in the past, when there were no funds to support it, would make it inadequate today I do not see that that is any argument at all for the Minister taking the service over.

the routledge companion to fascism and the far right

This may have been weather-related, though the statisticians are still investigating this. When I applied for the post of Labour Officer with the Department of Labour in Nigeria, Carol had just given birth to our first child in Hackney Hospital in London's East End.

Business Biographies

This concern was justified, as any review of the records shows, especially for the early surveys.

Oxford and the Development of Physiology, with Notes on the Nuffield Institute for Medical Research

Do your Lordships not feel that all that is something worth fighting against? I am too well aware of all the difficulties, and industry is too well aware of the size and the nature of the task which lays before it. The case of Italy has been noted, beginning with developmental funding in the late 1920s. Because this affects me, I want to talk for a few moments about the question of rheumatism.
