## Ethical

This is known as an anti-realist position. It is the branch of ethics that investigates the set of questions that arise when considering how one ought to act, morally speaking.

## Éthique — Wikipédia

Thus, in addition to being agnostic on whether i is true, Pyrronian moral skepticism denies ii. Other theories adopt a package of several goods, all to be promoted equally. Living was essentially good, barring pain and illness.

## Ethical

L'éthique est une discipline portant sur les et dont le concept est donc très proche de celui de la. Normative ethics is also distinct from , as the latter is an investigation of people's moral beliefs. Éthique Nouveau Éthique Nouveau offers a shopping experience that is kind to humans, animals, and the earth.

Ces conséquences peuvent donc être considérées comme des critères possibles de notre comportement, ce qui fait de ce type de morale, un type normatif. Blackwell Philosophy Guides 1 ed. L'éthique s'intéresse depuis toujours aux moyens de.

## Ethic

Morals often describes one's particular values concerning what is right and what is wrong. It would go against my morals to help you cheat on the test. It is irrational to fret over circumstances that do not exist, such as one's state of death in the absence of an afterlife. It also formulates a rule by which ethical actions can be determined and proposes that ethical actions should be universalisable, in a similar way to Kant's ethics.
