Hunger This system allows your body to detect when you need to eat something. With the emphasis on the use of fresh seasonal produce and drawing from cuisines around the world, the recipes are original and vibrant: dishes such as Salmon Teriyaki, Spaghettini with Roasted Tomato Sauce and Orange Custard Tart show that fast food can combine speed of preparation with great taste and style.

## Changing tastes: food and ageing

So eating is an intense experience for the very young. When have you been the most adventurous with food and how else have your tastes changed? There are suggestions that we are , that curious condition where the senses are intermingled the connections between them are usually broken as we mature , so children could be tasting food in 3D, Technicolor and Dolby surround sound.
