**U.S. v. Brigham Oil and Gas, L.P.**

. London: Jane's Publishing Company Ltd.

**Partition of Ireland**

In 1995, the newly formed Islamic militia, the Taliban, rose to power with promises of peace. The United States' presence as a balancing power can also contribute to regional stability. The search was rewarded in 1947 when the first well of the huge Leduc field in central Alberta became operational.

**Partition of Ireland**

According to one analyst The heavily promoted One Belt, One Road initiative is, in part, an attempt to develop new markets for China across Eurasia—with infrastructure links across central and south Asia towards Europe and Africa.

**Secret Understandings on the Use of Nuclear Weapons, 1950**

These devices prevented an attack until a launch code had been sent by the Chiefs of Staff on behalf of the President.

**Customary IHL**

Huge herds of once roamed the prairies, but now they can be found only in protected lands. The Indian Ocean is the worlds' third-largest ocean

after the Pacific and Atlantic Oceans and has extensive hydrocarbon reserves offshore Saudi Arabia, Iran, India, and Western Australia. Geography, Historical Background and Border Tensions Strategic Choke Points The Atlantic and the Pacific Oceans are relatively open oceans when compared with the Indian Ocean, which in many ways is defined by its strategic choke points.
