### Middle managers' role in quality improvement project implementation, are we all on the same page?

Change agents: Middle managers must encourage employees to engage in WHP activities during working hours. Do we have time for this in hard times? The charting is very redundant and tedious. They give you 3-4 hours of work a day and expect you to be available for 8 UNPAID.

### Working at Unity Health Care: 135 Employee Reviews

. The middle manager handles an immense amount of responsibility, such as the hiring and firing of staff, judging competency of staff, assuming budgetary responsibility, and taking overall responsibility for the delivery of safe, high-quality patient care. The data were collected at the start of the global recession in Slovenia.

### Working at Unity Health Care: 135 Employee Reviews

Nurses who feel empowered in their role express confidence, and successful NMs who can empower their staff serve an important role in creating a healthy and safe work environment. A significant difference was established for satisfaction with working conditions, where employees were significantly less satisfied than leaders. J Nurs Adm 1996 Sep;26(9):27-35.

### Capacity of middle management in health

Less than 49% of participants reported that they had sufficient access to information from top management regarding the state of the hospital, values, and leadership's goals. Each hospital employed research coordinators who were professionals from the first or second leadership levels, whose assignments included implementing quality standards in hospitals and conducting nursing leadership tasks.

### Nurse Empowerment from a Middle

Soon other colleagues begin to accept this practice. Medical and health services managers may need to be on call in case of emergencies. Some clients love you and appreciate your assistance, some are not so nice.

### **Nurse Empowerment from a Middle**

This subscale was used only for construct validation, and its scores were not included in the total empowerment score. The respondents included in the study had to meet two criteria: they must have at least a secondary school diploma, and they must be currently employed at a Slovenian hospital as either a health-care provider or a health-administration worker. Results from the survey with the 17 change agents at the six workplaces clearly show that support from middle management is necessary in order to implement WHP activities 4.

### **Roles of a Nurse Manager**

Laschinger HK, Almost J, Tuer-Hodes D.

### **Nurse Empowerment from a Middle**

Role-related challenges Our empirical study shows that middle managers found ethical issues related to the WHP difficult to work with as well as the interference in daily business. It also seems that they only hire Black people for lower positions.
