Syllabus, Comparative Indigenous Studies I

It is usually eaten with the hands while still frozen.

Bronco 411

The people I spoke to in remote native settlements are not seeing any benefit to the program, since most families have increasingly less access to government services or information.

Reproductive Responses to Economic Uncertainty

Additional Product Features Illustrated Yes Target Audience College Audience Copyright Date 2002 Author John P. Thanks to Mary Shenk for helpful comments on earlier versions of this analysis, to Darryl Holman for assistance with his mle event-history analysis programming language, and to three anonymous reviewers for their helpful comments. His research with indigenous peoples in Siberia has been featured in the journals Science, Human Nature, Human Ecology, Nomadic Peoples, and Sustainability Science.
