The NE angle of a possible Roman temporary camp lies in an area of miscellaneous cropmarks and traces of former ridge-and-furrow immediately NE of Ism

Research on Wroxeter Roman City

There was a huge forum and also extensive public baths. A programme of research is needed inside and outside the town to identify where such evidence might be located and a programme of work drawn up to implement such a study.

Joscelyn Plunkett Bushe

The first ever aerial photographs of the Roman city were taken as early as 1928. First Report on the Excavations of the Roman Fort at Richborough, Kent , Rep Res Comm Soc Antiq London 6.

Excavations on the site of the Roman town at Wroxeter, Shropshire, in 1912 (1913 edition)

It has been conjectured that Wroxeter had become the centre of a British, or possibly Irish, leader.
