A Dictionary of Modern American

Usage by Bryan A. Garner (1998, Hardcover) for sale online

The approach used for the original dictionary not the OED but the one on which it was originally based was written with the idea that only certain 'experts' should be allowed to say what a word means and was simply a large listing of words as defined by a small group of writers. Although some language issues are perennial infer vs. The 'brilliances' in Garner's entries are a joy to peruse.

A Dictionary of Modern American Usage by Bryan A. Garner (1998, Hardcover) for sale online

It includes those intellectuals involved in the development of psychology, pedagogy, sociology, anthropology, education, theology, political science, and several other fields, before these disciplines came to be considered distinct from philosophy in the late nineteenth century. Unlike most usage guides, this one includes an extensive and ascendent bibliography.

Oxford Dictionary of American Usage and Style

DMAU can justifiably lay claim to being the most comprehensive treatment of how American English is used--and abused--as we enter the 21st century. Learning American street slang is vital to understanding the growth and evolution of the English language.

Dictionary Contemporary American Usage

As an American equivalent of Fowler's famous work compare the titles , it deserves a place in every library of substance.

modern adjective

No one can browse through the book without sharing the author's spirited awareness of how words work and his relish for exposing the affectations that bloat our language. Nothing could be further from the truth! It also lists a very clear history of the word so anyone can understand where it comes from.

modern adjective

Each of the approximately 7,000 entries provides a definition, discusses the usage of the word, provides illustrative quotations, and gives citations to the references and quotations. This book will tell you. At one time there were two different approaches to dictionaries.
