vivchar.tom.ru: Nausea (New Directions Paperbook) (9780811201889): Jean

Nausea is a novel by Jean-Paul Sartre that was first published in Summary Read a Plot Overview of the entire book or a chapter by chapter Summary and Analysis. My opinion is that it serves as a critique of the Cartesian cogito to prove existence.

Nausea. Translated from the French by Lloyd Alexander. Introduction by Hayden Carruth.

It took me down a different street in my mind, and it allowed me to peer around the corner and see what I could not have seen any other way. Published by User, 17 years ago Nausea is the definitive work of Jean-Paul Sartre and reflects the nature of the existential movement. I think this is pretty well illustrated in the climax which is to me, anyway , the scene at the park.

Nausea. (1964 edition)

He spends most of his free time wondering about the meaning of life and writing a history book about an obscure historical figure from the 18th century.
