### A review of studies on swidden agriculture in Japan: cropping system and disappearing process

The inaugural mass demonstration of the 1960s around the Anpo protest mobilised immense numbers: only one of the three major general strikes called by the unions brought 6. In this review, a focus was placed on the natural environment in which swidden agriculture was practiced, cropping systems, crop cultivation in swidden fields, the transition of swidden agriculture at the end of the disappearing stage, and the utilization of millet cultivated in swidden agriculture.
