History and Historiography Troeltsch mastered several intellectual disciplines. .

**Adolf von Harnack**

. Christianity is marked by absolute individualism. Harnack took responsibility for the development of freedom of thought to pursue truth without interference from human authorities or organizations, and it was precisely his insistence on the freedom of scholarship that marked him as one of the strongest advocates of liberal theology Rumscheidt, 33.

**Adolf von Harnack Research Papers**

The gospel of Matthew shares some material with the gospel of Mark, and other material with the gospel of Luke; a source critic would be interested in which material is shared and how. The Social Teaching examines the contemporary situation in cursory terms. His scholarly research was driven by a passionate concern for the wellbeing of the church and its relationship to society.

**Harnack, Adolf von 1851**

. First mysticism means a communio sanctorum — an ideal, spiritual community — which Troeltsch speaks of warmly in several of his letters.

#### **Harnack, Adolf von 1851**

He avoids committing himself to affirmations of miracles, virgin birth, the cross as an atoning sacrifice for sin, bodily resurrection from the dead, and a second coming of Christ. Whenever he discussed the meaning of history, he almost always used the following verse from Faust to illustrate his point: Was Du ererbt von Deinem Vätern hast Erwirb es, um es zu besitzen! This development admittedly often implies a dissociation from Christian traditions and institutions.
