**Canada's submarine fleet never worked. It's time to stop ignoring the problem**

As recounted in a previous column, the very existence of a Canadian submarine service in 1914 was a fortuitous accident, and that tiny service provided some of the key personnel needed to get the Montreal-built H-class submarines to Britain in early 1915. Beech the first lieutenant of L-8, R.

Last year, HMCS Windsor concluded a refit that was initially scheduled to take two years, but took five. Служба Технической Поддержки Контент-проваидера тел.

**Canada's submarine fleet never worked. It's time to stop ignoring the problem**

The Royal Canadian Navy then devised a plan to utilise the two subs in anti-submarine training for the surface vessels.

**WW1 Submarines Built in Canada**

By the end of July they had reached Balboa, at the Pacific end of the Panama Canal. The submarine entered into service for the Royal Canadian Navy as CC-1 on 6 August 1914. The information presented here has been compiled from numerous sources, but mainly through the hard work of the late J.
