I Heard It Through the Grapevine: Rumor... book by Patricia A. Turner

Is it possible cops could be intentionally dragging their feet to prove a point amid weeks of nationwide protests against police brutality and calls to defund their departments? On one level Williams may have been used as a scapegoat, but nevermind that there is absolutely no evidence to support the KKK's involvement, and if you think Williams was an easy scapegoat to target what about the KKK? She traces themes down through time, showing us how we all are grabbed and held prisoner by what we want to believe.

Other users pointed to fireworks being set off near police precincts, strange men distributing vanloads of fireworks in neighborhoods in New York as well as L. The idea that belief in conspiracy theories and contemporary legends is strongly influenced by personal and historical experience was ahead of its time and continues to be relevant today. The Bronx resident says his wife called 911 last Saturday about the fireworks, because the racket was keeping their newborn awake, but no one showed up.

Namely he quit focusing on the world orders agenda of forced race mixing and began to focus on workers rights and protesting the Vietnam war, which of course the system is against workers rights and was pro-Vietnam war. She traces the history of black folklore in this country from the moment the first slave ships arrived to the present day, repeatedly providing powerful evidence that the African-American fear of white America is not simply unfounded cultural paranoia. She gets started trying to debunk the long standing historical belief of whites that blacks in Africa indulge in cannibalism.
