### C. P. Snow Quote from The Two Cultures

The eponymous William Stoner is an unremarkable man, a farm boy who becomes an English professor at a rather undistinguished Midwestern university, unable to reach the academic heights he wishes, unable to connect with his wife, and this perfect, too often ignored novel renders his quiet failure so beautifully that any reader is inevitably moved by its depth.

### The Affair

The Two Cultures and the Scientific Revolution C. Indeed, it was atomic research that took him back to the college and dropped him into the midst of the affair that was p 8 'The Affair' blurbs - The 'affair' happened at the Cambridge college where Eliot had taught law before the war.

### C.P. Snow (Author of The Two Cultures)

History of Science, Vol 26, No 2, pages 111—127. This illustrates a common problem in organising research. At the end, the young women are convicted of the abduction and murder, George Passant goes into a self-imposed exile, and old Mr Eliot dies.

### C. P. Snow's 1959 diagnosis of a detrimental divide between British scientists and humanists took on new meaning in America

He wrote: A good many times I have been present at gatherings of people who, by the standards of the traditional culture, are thought highly educated and who have with considerable gusto been expressing their incredulity at the illiteracy of scientists. He served as the Ministry's technical director from 1940 to 1944. It is set towards the end of the life of Lewis Eliot.
