Neonatology on the Web

Neonatologists work mainly in the special care nurseries or newborn intensive care units of hospitals.

Neonatology (NICU)

Jackson Health System is home to one of the largest neonatal intensive care units in the nation, known worldwide for its cutting-edge research to improve neonatal care and its success in caring for critically ill infants. Mildred Stahlman set out to establish the first intensive care unit for newborns at the Vanderbilt University Hospital.

Neonatology

Maine Neonatology Associates MNA provides specialized, comprehensive medical care to newborns from Maine and New Hampshire. Associate Professor of Clinical Pediatrics Shahnaz Duara, M.

Division of Neonatology

Assistant Professor of Clinical Pediatrics Maritza Torres, M. Both teams will continue to follow your baby closely every one to two weeks until cleared from follow-up over the next six months to one year.

Neonatology on the Web

Fellows, junior physician scientists and junior PhD scientists in the division have competed successfully for postdoctoral training grants NIH T32 at VUMC, and individual training grants and career development NIH awards K12, KL2, K08, K23. Education and training are integral to all aspects of our mission. Neonatologists from our division provide clinical coverage and medical leadership for three Cincinnati area Level III newborn intensive care units and seven Level II special care nurseries.

Neonatology on the Web

Our Neonatology Team Several highly trained medical professionals in a variety of roles provide specialized care to babies and families in the NICU. **Neonatologists — The Best Care For Newborns** Newborn babies are not just small adults. The conditions we treat vary depending on the location and providers selected.
