Plus de la moitié des enquêteurs ont réalisé des entretiens selon les deux méthodologies. But with the exception of the highly skilled and often highly mobile skilled craftsmen, workers resisted full-time commitment to the spot labour market.

**Notice bibliographique Seasonal variations in the Canadian economy : employment and unemployment / Statistics Canada, Time series, Research and analysis = Variations saisonnières dans l'économie canadienne : emploi et chômage / Statistique Canada, Série chronologique, Recherche et analyse**

The high turnover rates for individual firms meant that even modest establishments generated a high gross demand for workers, and as most rural people had some employment before the introduction of factories, the firms rapidly moved into inelastic range of local labour supply.

**Full text of report of the Minister of Natural Resources of the Province of Ontario,**

Historically, the discontinuities and feedbacks that sustained the informational structure of labour markets have been rooted in geographical externalities. La vraie valeur des modèles DA sera une fonction de ses capacités théorique et empirique.
