Zhang Liao then went to Chang Xi's home alone and visited his family. For that purpose, they decided against having children. So Chen gave up talismanic writing, which he had learned in his youth with Daoists in the streets of Anqing, and focused on meditation practice as a way of inducing the gods during the séance.

**Zhang Liao**

Dry deposition velocities increased rapidly with particle size, as evidenced by collocated measurements of NDF dry and ambient particle number concentrations, though it seems less so for wet deposition due to different scavenging mechanisms. However, few studies have provided a comprehensive picture of the spatial and seasonal variability of metal concentration, solubility and size distribution, all of which have important roles in their contribution to health effects.
