## South African Jewish Responses to COVID

Jews also played some part in early South African politics. Rabbis across the country, and particularly the Chief Rabbi, worked actively to facilitate continued religious observance as well as provide spiritual guidance and inspiration for the community. On the one hand, it generated a middle class crisis, the impoverishment and unemployment of professionals, a decline of manufacturers who had enjoyed the protection of autarchic industrial policies, a deterioration of the economic standing of various sectors of the Latin American communities, and an increase of the actual poverty levels among the lower classes.

## South African Jews

Dubb South African Jewry: A Sociodemographic Profile. The continent that has been able to establish powerful and original patterns of Jewish life and community organization is now experiencing new patterns of collective life that influence the rich array of communal spaces, associations and institutions developed in almost all the central fields of Jewish life.
