Sartre by Murdoch, Iris

This article has been rated as Mid-importance on the project's. This occurs because with the Other's presence I am forced to acknowledge the feeling and possibility of simultaneous existence. Drawing on the works of Soren Kierkegaard, Edmund Husserl, and Martin Heidegger, Sartre developed an existentialist philosophy based on an individual's freedom and responsibility to choose to act and thus to define his being.

Jean

. She says that Good in itself is not visible but agrees with Plato's characterization of the Good similarly to the Sun in the Allegory of the Cave as the source of light by which reality can be seen.

The For-itself is thus never a thing or an object, but a force, that is linked to action rather than to observation. The unusual romantic partnership lasted more than forty years until Murdoch's death.

Being and Nothingness

Writing and reading become the medium permitting this exchange and universalization of the essence of the self. It is this dichotomy that causes anguish, because choice subjectivity represents a limit on freedom within an otherwise unbridled range of thoughts.
