## Top 10 challenges of doing business in China

Consequently, the Xi Jinping government is championing support for small and medium enterprises SME through , lowering , as well as other benefits to improve overall confidence in the economy.

## China's Approach to Economic Development and Industrial Policy

Beijing seems to be methodically building a network of cheerleader states that depend on its aid or business.

## China's Technological Rise

This spills over into a wider debate about whether China has actually made significant progress on rebalancing its economy and contributing less to global imbalances.

## World Report 2020: China's Global Threat to Human Rights

If Western governments must choose sectors to favour, they should help by investing in research, education or infrastructure, and by welcoming skilled immigrants. Knowledge of all kinds was created, discovered, and diffused fast.

### Mapping China's Global Governance Ambitions

The twelfth five-year plan has little to say on this subject other than the ritual affirmation of steps to improve the exchange rate formation mechanism. In September, as 3 million civilians faced indiscriminate bombing by Russian and Syrian jets, China joined Russia to veto a Security Council demand for a truce. Even though the Great Firewall prevents most people in China from learning of criticism abroad, and even though the Chinese Communist Party devotes enormous resources to censoring social media at home and spreading its propaganda there, powerful actors in China still bristle at foreign criticism.

### World Report 2020: China's Global Threat to Human Rights

This inconsistency makes it easier for China to claim that concerns expressed about its human rights record are a matter of politics rather than principle. Equally, while such data is useful for the size of mass consumer and commodity markets, for more specialist niche markets it can be difficult to find sources that provide sufficient detail that can lead to an accurate market size.
