## Well slot: Active wells and completions in Westwood report to month end

If approved, your data will then be publically viewable on this article.

## Oil's not well: UK industry in crisis as pressures continue to mount

More than 260 development wells are scheduled to be drilled, giving a combined total of 381 wells in the next three years. It is also the ultimate authority in complex accession and de-accession matters.

## Electrification of platforms

The well found 23° API oil in the main Paleocene Hildasay reservoir and has been suspended ahead of a potential development. In 2013 the UK consumed 1. A clear way to achieve this progress would be the UK and Scottish Governments coming together with industry to finalise the terms of a place-focused North Sea Transition Deal, one which sets out a pathway to ensure that the oil and gas industry and the skills and talent in the communities that power it act as key contributors in the aim to reach net zero.

## UK Continental Shelf Oil Well Records (Paperback, 28th phase): Great Britain: 9780114130442

Just 13% of contractors are working at or above optimum levels in the UK Continental Shelf compared to 47% a year ago, with 82% predicting a decrease in their revenue in 2020.
