## The Eastern Red Hills Centre, Skye Central Complex

On the right smaller hob a blue enamelled saucepan: on the left larger hob a black iron kettle. What celestial sign was by both simultaneously observed? Had he possessed the dramatic sense, he certainly would have mouthed some such bloodthirsty phrase, and, turning on his heel in the self-satisfied attitude of triumphant villainy we know so well, would have made a striking exit, as per stage directions, curling a villainous and contemptuous lip, in the manner that never yet failed to bring down the heartfelt hatred, and the hisses, of the gallery. Microphenocrysts of apatite and rare zircon occur as inclusions within phenocrysts of plagioclase, and occasionally within the groundmass.
