Consider your connectedness, for better and worse, as you compile this part of your SWOT list. The key function of this strategy is to evaluate the activities. Goals also need translating to all levels in larger organizations so people understand how to work on their goals and measures impacts the broader organization.

Organizational Analysis and Planning

The Xs in the Table show the BSC domain for each measure.

How to Evaluate and Diagnose Organizations

Furthermore, individual parts of the organization are viewed as modifiable through deliberate effort.

Designing for Organizational Effectiveness

While this is often perceived as the way to do things efficiently, the opposite is also true.
