Lost Architecture of the Rio Grande Borderlands (Nonfiction)

Under the waters of the new Falcón Reservoir lay homes, businesses, churches, and cemeteries abandoned by residents on both sides of the river when the floods of 1953 filled the 115,000-acre area two years ahead of schedule.

Project MUSE

Presenting a wide range of built and unbuilt projects and outlining strategies that can be implemented to adapt the use of earth to each unique culture and context, Upscaling Earth demonstrates groundbreaking technological innovations that highlight the advantages of this material.

Daily Life for U.S. Citizens on the Southern Border: Checkpoints and Anger

All was supported by four poles. Will there be a gate there? At that point, there were about 800 cases across the region.

EARTH ARCHITECTURE

The initial results, which detected more than 100 different species, have been very encouraging, she said.

Lost Architecture of the Rio Grande Borderlands (Nonfiction)

African American units, referred to as Buffalo Soldiers, were stationed at the fort. If not, please consider making a contribution today. Today all that is left is the brick foundation.
