**Nonfiction Book Review: Lives on the Boundary: The Struggles and Achievements of America's Underprepared by Mike Rose, Author Free Press \$29.95 (255p) ISBN 978**

Some of it will make you cry.

## About

I love the way Rose mixes autobiography with educational analysis.

**Lives on the Boundary: A Moving Account of the Struggles and Achievements of America's Educationally Underprepared by Mike Rose**

Professors usually have fun toying with new ideas and puzzles that is often what got them in the game in the first place , and are perplexed or even dismissive when students have difficulties with this.

**ERIC**

A 2005 afterword to Rose's 1989 book updates the work to account for the impact of policies like the No Child Left Behind Act, a law that Rose finds to be seriously flawed.
