Primary Health Care Services Program

Before receiving their report, executive directors must confirm that no physicians in their Community Health Centres or Family Health Teams objected to having the executive director receive the aggregate level report. Users can also add supplemental items to customize their questionnaires. They can perform a wide range of services from immunizations and disease diagnosis to minor surgery.

When To See A Primary Care Physician in...

Primary care allows you to get comprehensive care from a provider that knows and understands you — and possibly knows your family and community as well. Nobody wants to feel like a number in a vast, impersonal system — especially when it comes to something as important as taking care of your health.

Primary Care Practice Reports

Our entire staff works at creating a calm, welcoming atmosphere. A separate report with aggregate group level is available to executive directors of Family Health Teams and Community Health Centres in the primary care sector. All current subscriptions will be honored.
