Anabaptist Technology: Lessons from a Communitarian Business by John Rhodes

He believed that all knowledge and truth are created by humans, not imposed on us by some external reality. It involved mostly white male undergraduates.

Technos, Deculturation, and the Tension of Existence

Some theorists such as think that the and that the next 50 years may yield not only radical technological advances, but possibly a , which may fundamentally change the nature of human beings.

Gandhian concept of Non

Within each chronological phase a standard method has been adopted for the technological experience and. His aristocratic morality aimed at justifying and benefiting the strong and powerful.

The Dehumanization of Man

None of those things can be reduced to non-thinking mindless physical mechanisms studied by science. It pulls at people's heart strings and makes for a tear-wrenching story of the supposed deterioration of the human condition, but it strikes me as hogwash. In fact, he says, political liberalism is already the solution to the issue of human rights since in liberal societies the law is meant to apply equally to all, no matter how rich or poor, powerful or powerless, educated or ignorant, enhanced or unenhanced.
