A Brief History of Australia

The alien race does the hard work, and takes the greater portion of profit; but he enjoys the luxury of possession, and must make sacrifices accordingly.

Mossman Gorge, Queensland

Such combinations are often the most attractive in a Usage collection.

Baptised Among Crocodiles

My theory for the quantum discrepancy? And today we pay for the right to call our home ours. In the 1960s scientists working on the problem of dating noncarbon-bearing samples developed several methods of luminescence dating, the most common of these being thermoluminescence, or TL.

Gold was no longer being found at prewar rates and other mineral industries were not yet fully developed.

Man in a hurry, surrounded by people who were not

If the biodiversity of developing ideas, and potential for spinoff interpretations doesn't begin to revitalise your philatelic passion, it's probably time to look for a new hobby.
