IRRI News

The number of employees with university degrees in the humanities and social sciences is increasing, whereas the share of engineers is decreasing.

Sharing the responsibilities: the roles of the government

The main concern in the report is the lack of data when it comes to the objective of gender equality. In general, women point out the environmental impact and health problems for commercial drivers, from jarring and shifting of lanes that can be caused by speed bumps and curb extensions. We share the rice seeds stored in our International Rice Genebank according to the.

POLICY AND PLANNING

The Great Britain 1 Department for Transport DfT has the overall goal of a transport that works for everyone.

Rice Seeds

It does not equate a woman with a gender equality in any of the discussions. However, we still need to understand as best we can what our respective rights and obligations are. The first round of interviews included four women and nine men.

Sharing the responsibilities: the roles of the government

The experts were asked to critique a preliminary version of a questionnaire that was designed to test the results of the interview study on a more representative sample.
