Cambridge 12 1917 Chisholm, Lawrence Chesley, Salem 12 1916 Clark, DeWitt Scoville, Salem 11 1916 Cody. In the series of cases under discussion, autopsies were performed on nineteen cases, and in three of this number areas of softening of the cord substance are described at a distance from the site of the original injury. Crabtree also mentioned, that the kidney was seldom involved, does not quite hold water.
