### 3.1: Chapter 1: Prehistory

The shortening of the pelvis and smaller birth canal evolved as a requirement for bipedalism and had significant effects on the process of human birth which is much more difficult in modern humans than in other primates.

### Hunting and Scavenging by Early Humans: The State of the Debate

Understanding Evolution: The History of Evolutionary Thought. Some authors suggest a gradualistic view of hominid evolution.

### Culture of Ethiopia

The distribution of Romance and the other ten known subgroups of Indo-European languages.

### Early Hominin Evolution: Analysis of Early Hominids

During meals, participation in conversation is considered polite; complete attention to the meal is thought to be impolite. The town is named after the thirteenth-century king who supervised its construction.
