## Opportunities

Assessment of the SDGs implementation over the last four years exhibits some encouraging results. Overall, susceptible reform efforts have failed to stimulate broad-based poverty reduction.

### **Trade policy as development policy: building on fifty year's experience : Trade and Development Directions for the 21st Century**

Problems of Foreign Trade in Nepal with Solution Land-locked Land-locked is one of the major problems of foreign trade in Nepal.

### **Trade policy as development policy: building on fifty year's experience : Trade and Development Directions for the 21st Century**

Direction of Foreign Trade in Nepal The foreign trade of Nepal is being directed towards a wide range of countries in the world after the membership of WTO 2004 and integrated to the Global economy.

### **Nepal :: Sustainable Development Knowledge Platform**

Countries in Asia and the Pacific are supported by ESCAP secretariat in their efforts to overcome challenges preventing them to better utilize trade, investment, technology and innovation to deliver the Sustainable Development Goals to all.

### **Nepal Trade Statistics**

It is important to establish an international market information center with proper public-private partnership as well as through coordination with international partners. In addition, enhanced digital systems and connectivity will support service delivery and private sector growth and business continuity.

### **Foreign Trade in Nepal**

The households living in safe houses reached 40% against the 2019 target of 37. One of the objectives is to prevent the misuse of digital surveillance and intrusion systems that can lead to human rights violations.
