. Kind of like the face of Christ or the Virgin Mary appears on tree-trunks among other objects , especially where a large branch has been cut off and the oval scar left on the trunk looks a little like a human face shape, in which other vaguely human features may develop as the scar heals. Unfortunately I lack those qualifications in this area, indeed even in those areas I am most interested in — philosophy, sociology.

Some years ago, after I had learned about the existence of the divinatory practice in ancient China, I saw a TV program about the Inuit and was amazed to see an elder holding a scapula to a flame and moving it around, for the purpose of divination! Like their author, they have languished under a cloud of neglect and official disapproval since they first appeared. Medieval chroniclers who interpreted the Magyars and the Avars as Huns put the H in.

The Fantastic Journeys of Baron Brambeus

This was a potentially huge discovery, because at the time little was known about the famous battle, and the rock would serve as a genuine historical record.
