### 60 Super Simple Ways to Save Money

Buy spooky Halloween items right after Halloween. If you need to make things as easy as possible, a crockpot or can also help.

### How to Save Money Fast

The tips and tricks above work, but only if you do. The miles and cash-back are only valuable if you're not falling into debt or paying interest.

### How to Save Money

Use your annual free credit report from the three credit reporting bureaus to look for inaccuracies or opportunities to raise your score. That way, everyone wins—and saves! For any non-essential item, wait 24 hours before purchasing. Keep in mind that a payback period of less than three years, or even five years, usually will save you lots of money in the long-term.

### A Complete Beginner's Guide to Saving Money

An inexpensive shirt or coat is a poor bargain for older family members if it wears out in less than a year, but could make sense for quickly growing children. If you get into a routine with make ahead meals, you might find a deep freezer to be a great investment. Apps like Rover make it easy to connect with owners.

### How to Save Money

Set the temperature around 120 degrees to save money and reduce mineral buildup in your tank. Both are great sources for free events in your town: free concerts, community festivals, business grand openings. All leftover items are donated.
