American Family Survival

He is a family man, a member of the US Armed Forces and a survival expert with in excess of 60 Federal Emergency Agency certifications. You can even get college credits for these courses! That way, you can decide for yourself if it is something that can help you prepare for the future and protect your family in these scary times.

Support for cult victims

This is one of the better ones I have found. I hate to admit it but I have spent money on books like these that were full of information that I already

Family Survival Planning

Harpoon - When attached to the end of the staff with all sections screwed together, the harpoon makes for a formidable hunting weapon to capture either game or fish.

Family Survival System

And have you considered what you would do and how you would cope if you were at work when something happened? Do you want an easy to follow system that you can follow without over-thinking things?

Seasoned prepper as well as beginning preppers will find some great information in this book. My wife and I were worried and started to feel a little helpless. .

knew.

Family Survival Plans

Thank you so much in advance for your help! The guide covers many important survival topics rather than dealing with only one in detail, and nearly all of the guide is applicable to everyone, not just families. Over the years the emergencies and disasters that preppers have been made aware of have changed, mainly because of changes in social or political factors. We are not limited in our concern for those people, families, communities and societies who are abused by totalitarian cults.
