## Human Biology Review (ISSN 2277)

Archaeological Review from Cambridge 15: 7—30. Krkosek M, Ford JS, Morton A, Lele S, Myers RA, Lewis MA. Islands of speciation or mirages in the desert? Age estimation from the auricular surface of the ilium: A revised method.

## Archives

A formal test of linguistic and genetic coevolution in native Central and South America.

**Amazon.co.jp: Human Biologists in the Archives: Demography, Health, Nutrition and Genetics in Historical Populations (Cambridge Studies in Biological and Evolutionary Anthropology Book 35) (English Edition) eBook: Herring, D. Ann, Swedlund, Alan C.: Kindle Store**

The coefficient of correlation r is indicated for each plot.

## Demographic history shaped geographical patterns of deleterious mutation load in a broadly distributed Pacific Salmon

This book tells of the way in which archival data inform anthropological questions about human biology and health.

## UCSC Human Paleogenomics Lab

In this light historical demographic data may be very useful for identifying lineages in human populations that are worth investigating further by geneticists. Origin of Fuegian-Patagonians: An approach to population history and structure using R matrix and matrix permutation methods.

## Human Biology Review (ISSN 2277)

Distance from sub-Saharan Africa predicts mutational load in diverse human genomes. Interestingly, when any group is compared to Thompson R. Inference of Population Splits and Mixtures from Genome-Wide Allele Frequency Data.

**New Directions in Bioarchaeology: Recent Contributions to the Study of Human Social Identities**

Making something of herself Embodiment in life and death at Playa de los Muertos, Honduras.
