## **De materia medica**

As this reprint is from very old book, there could be some missing or flawed pages, but we always try to make the book as complete as possible.

# Hieronymus Brunschwig

Illustrations, Index, if any, are included in black and white.

# Venenis

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. Significativo ex libris Docteur P.

venenis

As this reprint is from very old book, there could be some missing or flawed pages, but we always try to make the book as complete as possible. Illustrations, Index, if any, are included in black and white. For inflammation of the eyes it is used with a roasted egg yolk and saffron, and for erysipela and wounds with vinegar; but for gout with women's milk and saffron.

## Treating the plague in 1500

NO changes have been made to the original text.

## Poisons and the Prince: Toxicology and Statecraft at the Medici Grand Ducal Court

## Phlebotomia; De vinis, regimen serum et seniorum

ARSENICUM

Each page is checked manually before printing.
