LORC, Ryukoku University / Outcome

Ajia keizai:Monthly journal of the Institute of Developing Economics, Tokyo: Institute of Developing Economies 36, no. It is an important instrument for the use of humanities specialists wishing to follow the news of Chinese studies around the world in a wide variety of disciplines.

Naoko MORI

For this purpose, it will first describe how education policy-making has changed over the past few decades including critical changes such as power shifting after reorganizations of government ministries , then provide a brief history of teacher education reforms in Japan, and finally scrutinize the contents of the recent reform proposed by the Central Council on Education Report 184.

Naoko MORI

And the third is sociological studies of contemporary Egyptian society, his being interested in family relationships in Egypt, power structure of Egyptian villages, and the social solidarity in urban informal sector.
