## A good partner

The lunch was packed in mason jars in a refrigerated bag and was good. Could the state get a better, more loyal partner than the Adirondack Scenic Railroad has been for the corridor? The Town and Village of Tupper Lake, the Village of Lake Placid, the Towns of Piercfield and Colton, St.

## Rail vs Trail: Controversy in the Corridor

We would see a lot more of these folks in our hotels and restaurants, and create the possibility of having more hotels, restaurants, related businesses, and jobs in our communities if we had the possibility of rail travel here from Chicago and the west and from the big cities of the eastern seaboard. Our newest section provides information on railroad weights and clearances. Ties are simple, cheap and last 50 years.

## New Adirondack Scenic Thread (ADIX)

I want to add, I appreciate that topics such as these generate passion. ADIX should be able to repair 2 cars per year at the new facility, according to the article. I know the railroad can be finished for less cost than any other alternative, and in doing so, it will serve the public for generations to come.

## A good partner

Snyder lives in Meriden, Connecticut. If you have any interest, do this now as the time is growing short. The rail-with-trail plan is viable, and the right of way is favorable to it.
