## Congratulations to an Important Friend of Baltic Studies: Kuhns Zeitschrift

Long vowels and diphthongs have a tone, regardless of their position in the word.

## Metatony

Likewise, the letters R̄ and Ch were discarded in 1957, although they are still used in some varieties and by many Latvians living beyond the borders of Latvia. During the past decades Balto-Slavic accentology has become increasingly important for the reconstruction of Proto-Indo-European. The letters , , and are written with a or little 'comma' placed below or above the lowercase g.

Until the 19th century, the Latvian language was heavily influenced by the , because the upper class of local society was formed by.

DONUM BALTICUM

The internet is the source of much fake news proliferation, but it is also a means to combat it. In fact probably the most famous linguistic article of all times, Karl Verner's *Eine Ausnahme der I.* Besides shipbuilding, tourism is also a major source of income for countries bordering the Baltic Sea.

As in Slavic and Baltic, constricted vowels have the same timbre as original long vowels whereas short vowels before constricted resonants d are reduced. In connection with the latter kind of Metatony, the author has examined the way in which German and Slavic borrowings are rendered in the Kurschat dialect. Given the economic and strategic importance of the Baltic Sea itself to the Baltic states and NATO, this situation must be remedied.
