But oh my God, how ugly it had become because of rusty water flowing on the facades. And by the way, it is against the Euroepan competition law to discuss any pricing.

**Connections between precast concrete elements: Nordic seminar — VTT's Research Information Portal**

And after 46 years we are still producing a similar product.

**Basic structure of a proposed building product model**

The structural integrity of precast concrete structures depends mainly on the connections between the precast structural elements.
