## Kaisariani Monastery

They were also renowned for their medical knowledge and skill at concocting herbal medicines. The building probably dates from the 16th or 17th century. Throughout its long history, the monastery was not just home to scholarly study, it was a hive of activity too.

## THE MONASTERY AT KAISARIANI AND THE FOOTPATHS ON MT. HYMETTUS

Warm water was used for heating the cells, the refectory, etc. Hymettus from the 10th to the 12th centuries. The wealthy Benizelos family subsidized the frescoes, painted in 1682 by Ioannis Ypatos, from the Peloponnese, according to the inscription on the western wall.

### The monastery of Kaisariani : history and architecture

Construction of the imposing church, which proved to be a landmark in the history of the Modern Greek state, started in 1842.

### Church of Monastery of Kaisariani

The entrance of the temple was located on its western side without being separated by a narthex.

### Kaisariani monastery, P. Petridis, chorale and variations no.1 on a byzantine hymn : Greek Architecture

On the 28th of December 2010, I took there my friends Nishan, Jack hi! The refectory is a long rectangular shaped vaulted room, which is subdivided into two spaces.

### Good Friday Celebrations at Church of Monastery of Kaisariani

A further, now ruined single-aisled church, was built to the southwest during the Frankish period. Its small size belies its success, as it remained an important Orthodox religious enclave even during Ottoman times.
