**Principles of Data Management: Facilitating information sharing by Keith Gordon**

There should be no doubt as to whether the distance the user is being given is the straight-line distance or the distance by road.

**Principles of Data Management: Facilitating information sharing by Keith Gordon**

I've found that both practitioners and students are able to easily make use of these important concepts.

**BCS**

THE IMPORTANCE OF THE QUALITY OF DATA Since information is an important resource for any organisation, information presented to users must be of high quality.

**Principles of Data Management: Facilitating information sharing by Keith Gordon**

MASTER DATA MANAGEMENT PART 3: DATABASE AND REPOSITORY ADMINISTRATION 10. PART 2: DATA ADMINISTRATION 4. I've found that both practitioners and students are able to easily make use of these important concepts.
