## Ted Kennedy's Chappaquiddick Scandal: 10 Revelations

According to Gargan and Markham, they then returned to the cottage and told the women nothing, at Kennedy's request.

## The Bridge at Chappaquiddick by Jack Olsen

At the inquest, a rescue diver testified that he believed Kopechne survived the crash and was alive for several hours inside the submerged car, due to the position of her body with her face pressed into a small air pocket. Aon Martha's Vineyard conducted a two-day investigation in April 1970 but issued no indictment, after which Boyle made his inquest report public. They got their nickname from the windowless office where they worked.

## This Was Then: The Edgartown

The next morning, the overturned vehicle is discovered by father-and-son fishermen, who call the police. I attempted to open the door and the window of the car but have no recollection of how I got out of the car. This, of course, essentially indicated that Boyle believed Kennedy perjured himself during the inquest.

## Chappaquiddick incident

There was no other damage of any significance. Another group took Mary Jo to the bridge in Ted's car, force fed her with a knock out potion of alcoholic beverage, placed her in the back seat, and caused the car to accelerate off the side of the bridge into the water. Many believe the accident at Chappaquiddick changed presidential history by keeping Ted from the White House.

## This Was Then: The Edgartown

They go along with it under the assumption that he has good and sufficient reasons not to open the can of worms represented by the conspiracies in his brother's deaths.

## The bridge at Chappaquiddick. (1969 edition)

Boyle found Kennedy a negligent and unsafe driver, and could have provided support for possible manslaughter charges. In a significant percentage of drowning — between 10% and 20% — a reflex action restricts the larynx and prevents much water from entering the lungs.
