Visit Barbers Book Store in down town Fort Worth where we have sold wonderful books since 1925. We found this book important for the readers who want to know more about our old treasure so we brought it back to the shelves. When it was apparent that Fram would not reach the North Pole, Nansen, accompanied by Hjalmar Johansen 1867-1923 , continued north on foot and reached 86° 14´ N, the highest latitude then attained.
